**GOLD TERRA RESOURCE CORP.
MANAGEMENT INFORMATION CIRCULAR**

(as at May 26, 2026, unless indicated otherwise)

SOLICITATION OF PROXIES

This management information circular (the “**Information Circular**”) is provided in connection with the solicitation of proxies by the management of Gold Terra Resource Corp. (the “**Company**”) for use at the annual general and special meeting of the holders of common shares (the “**shares**”) of the Company to be held on June 30, 2026 (the “**Meeting**”), at the time and place and for the purposes set out in the accompanying notice of meeting and at any adjournment thereof. The solicitation will be made by mail and may also be supplemented by telephone or other personal contact to be made without special compensation by directors, officers and employees of the Company. The Company will bear the cost of this solicitation. The Company will not reimburse shareholders, nominees or agents for the cost incurred in obtaining authorization from their principal(s) to execute forms of proxy. All dollar amounts referenced herein, unless otherwise indicated, are expressed in Canadian dollars.

MEETING PROCEDURES

Who can attend the Meeting?

Anyone who holds shares as of the close of business on May 26, 2026, which is the record date for the Meeting (the “**Record Date**”) fixed by the Board of Directors of the Company (the “**Board**”), or has been appointed proxyholder by such a shareholder, is entitled to attend the Meeting.

The Company encourages shareholders to access the Meeting via zoom at <https://us02web.zoom.us/j/86335322735?pwd=A4hfjqdltCXnMbx6mXdzfVbDEbcn0s.1> (**Meeting ID: 863 3532 2735; Passcode: 418334**). Shareholders attending the Meeting via Zoom will not be permitted to vote through the video conference platform, but will be permitted to ask questions of management. Only registered shareholders and duly appointed proxyholders who attend the Meeting in person will be permitted to vote at the Meeting.

APPOINTMENT AND REVOCATION OF PROXY

Registered Shareholders

Registered shareholders may vote their shares by attending the Meeting in person or by completing the enclosed proxy. Registered shareholders should deliver their completed proxies to Computershare Trust Company of Canada, Proxy Dept., 100 University Avenue, 8th floor, Toronto, Ontario, M5J 2Y1 (by mail, telephone or internet according to the instructions on the proxy), not less than 48 hours (excluding Saturdays and holidays) before the time for holding the Meeting, otherwise the shareholder will not be entitled to vote at the Meeting by proxy. We encourage you to vote in advance of the Meeting and adhere to all government and public health recommendations in place at the time of the Meeting.

The persons named in the proxy are directors and officers of the Company and are proxyholders nominated by management. **A shareholder has the right to appoint a person other than the nominees of management named in the enclosed form of proxy to represent the shareholder at the Meeting. To exercise this right, a shareholder must insert the name of its nominee in the blank space provided. A person appointed as a proxyholder need not be a shareholder of the Company. The person you appoint must attend the Meeting to vote your shares. We encourage you to vote in advance of the Meeting.**

A registered shareholder may revoke a proxy by:

- a) signing a proxy with a later date and delivering it at the place and within the time noted above;
- b) signing and dating a written notice of revocation (in the same manner as the proxy is required to be executed, as set out in the notes to the proxy) and delivering it to the head office of the Company, Suite 410 – 325 Howe Street, Vancouver, British Columbia, Canada V6C 1Z7, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof at which the proxy is to be used, or to the Chair of the Meeting on the day of the Meeting or any adjournment thereof;
- c) attending the Meeting or any adjournment thereof and registering with the scrutineer as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked; or
- d) in any other manner provided by law.

Beneficial Shareholders

The information set forth in this section is of significant importance to many shareholders, as many shareholders do not hold their shares in the Company in their own name. Shareholders holding their shares through banks, trust companies, securities dealers or brokers, trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans or other persons (any one of which is herein referred to as an “**Intermediary**”) or otherwise not in their own name (such shareholders herein referred to as “**Beneficial Shareholders**”) should note that only proxies deposited by shareholders appearing on the records maintained by the Company’s transfer agent as registered shareholders will be recognized and allowed to vote at the Meeting. If a shareholder’s shares are listed in an account statement provided to the shareholder by a broker, in all likelihood those shares are **not**

registered in the shareholder's name and that shareholder is a Beneficial Shareholder. Such shares are most likely registered in the name of the shareholder's broker or an agent of that broker. In Canada the vast majority of such shares are registered under the name of CDS & Co., the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms. Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted at the Meeting at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate party well in advance of the Meeting.**

Regulatory policies require Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Beneficial Shareholders have the option of not objecting to their Intermediary disclosing certain ownership information about themselves to the Company (such Beneficial Shareholders are designated as non-objecting beneficial owners, or "**NOBOs**") or objecting to their Intermediary disclosing ownership information about themselves to the Company (such Beneficial Shareholders are designated as objecting beneficial owners, or "**OBOs**").

In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Company has elected to send the notice of Meeting, this Information Circular and the form of proxy (collectively, the "**Meeting Materials**") indirectly through Intermediaries to NOBOs and OBOs. The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to NOBOs and OBOs. The Company does not intend to pay for Intermediaries to forward the Meeting materials to OBOs. OBOs will not receive the Meeting Materials unless their Intermediary assumes the cost of delivery.

Meeting Materials sent to Beneficial Shareholders are accompanied by a voting instruction form ("**VIF**"), instead of a form of proxy. By returning the VIF in accordance with the instructions noted on it, a Beneficial Shareholder is able to instruct the Intermediary (or other registered shareholder) how to vote the Beneficial Shareholder's shares on the Beneficial Shareholder's behalf. For this to occur, it is important that the VIF be completed and returned in accordance with the specific instructions noted on the VIF.

The majority of Intermediaries now delegate responsibility for obtaining instructions from Beneficial Shareholders to Broadridge Investor Communication Solutions ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable VIF, mails these VIFs to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, usually by way of mail, the Internet or telephone. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting by proxies for which Broadridge has solicited voting instructions. A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote shares directly at the Meeting. The VIF must be returned to Broadridge (or instructions respecting the voting of shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the shares voted. If you have any questions respecting the voting of shares held through an Intermediary, please contact that Intermediary for assistance.

In either case, the purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the shares which they beneficially own. **A Beneficial Shareholder receiving a VIF cannot use that form to vote shares directly at the Meeting – Beneficial Shareholders should carefully follow the instructions set out in the VIF including those regarding when**

and where the VIF is to be delivered. Should a Beneficial Shareholder who receives a VIF wish to attend the Meeting or have someone else attend on their behalf, the Beneficial Shareholder may request a legal proxy as set forth in the VIF, which will grant the Beneficial Shareholder or their nominee the right to attend and vote at the Meeting.

Only registered shareholders have the right to revoke a proxy. A Beneficial Shareholder who wishes to change its vote must, at least seven days before the Meeting, arrange for its Intermediary to revoke its VIF on its behalf.

All references to shareholders in this Information Circular and the accompanying form of proxy and notice of Meeting are to registered shareholders unless specifically stated otherwise.

The Meeting Materials are being sent to both registered and non-registered owners of the Company's shares. If you are a Beneficial Shareholder and the Company or its agent has sent the Meeting Materials directly to you, your name and address and information about your holdings of the Company's securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send the Meeting Materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering the Meeting Materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

The shares represented by the proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for and, if the shareholder specifies a choice on the proxy with respect to any matter to be acted upon, the shares will be voted accordingly. On any poll, the persons named in the proxy will vote the shares in respect of which they are appointed. Where directions are given by the shareholder in respect of voting for or against any resolution, the proxyholder will do so in accordance with such direction.

The proxy, when properly signed, confers discretionary authority on the proxyholder with respect to amendments or variations to the matters which may properly be brought before the Meeting. At the time of printing this Information Circular, management is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the proxyholder.

In the absence of instructions to the contrary, the proxyholders intend to vote the shares represented by each proxy, properly executed, in favour of the motions proposed to be made at the Meeting as stated under the headings in this Information Circular.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as disclosed in this Information Circular, the Company is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of each of the following persons in any matter to be acted upon at the Meeting other than the election of directors:

- a) each person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year;

- b) each proposed nominee for election as a director of the Company; and
- c) each associate or affiliate of any of the foregoing.

Directors and executive officers may, however, be interested in the re-approval of the Option Plan (as defined below) as detailed in “*Particulars of Matters to be Acted Upon – Re-Approval of the Stock Option Plan,*” as such persons are entitled to participate in the Option Plan.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The authorized capital of the Company consists of an unlimited number of shares. On the Record Date, the Company had 468,847,484 shares outstanding. All shares in the capital of the Company are of the same class and each carries the right to one vote. Only those shareholders of record on the Record Date are entitled to attend and vote at the Meeting.

To the knowledge of the directors and executive officers of the Company, as of the date of this Information Circular, there are no persons that beneficially own, directly or indirectly, or exercise control or direction over, 10% or more of the shares of the Company.

PARTICULARS OF MATTERS TO BE ACTED UPON

Election of Directors

The Board currently consists of five (5) directors. The term of office for each of the present directors of the Company expires at the Meeting. The directors of the Company are elected annually and hold office until the next annual general meeting of the shareholders or until their successors are elected or appointed. Management proposes to nominate the persons listed below for election as directors of the Company to serve until their successors are elected or appointed. **In the absence of instructions to the contrary, proxies given pursuant to the solicitation by the management of the Company will be voted FOR the nominees listed in this Information Circular.** Management does not contemplate that any such nominee will be unable to serve as a director; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, **proxies in favour of management designees will be voted for another nominee in their discretion unless the shareholder has specified in his or her proxy that his or her shares are to be withheld from voting in the election of directors.**

The following table sets out the names of the nominees for election as directors, their jurisdiction of residence, the office(s) they hold within the Company, their principal occupations (and, if not previously elected as a director, their principal occupations during the last five years), the date since when they have been a director of the Company, and the number of shares of the Company which each beneficially owns directly or indirectly or over which control or direction is exercised as of the date of this Information Circular:

(“**Detour Gold**”) and a representative plaintiff under a class action which alleged the class suffered damages as a result of misrepresentations in Detour Gold’s continuous public disclosure. Under the settlement agreement, Detour Gold agreed to pay or cause to be paid \$6 million for the benefit of the proposed class. Mr. Panneton did not pay any amount personally and it was determined that there were no misrepresentations found in Detour Gold’s continuous public disclosure.

On November 15, 2023, the Superior Court of Quebec issued an order granting Monarch’s application for creditor protection under the *Companies’ Creditors Arrangement Act* (Canada) (“CCAA”) to ensure a responsible, controlled and orderly restructuring of its affairs. Ms. Gaborit resigned as a director of Monarch on the same day.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Interpretation

“Named executive officer” (“**NEO**”) means:

- a) a Chief Executive Officer (“**CEO**”);
- b) a Chief Financial Officer (“**CFO**”);
- c) the most highly compensated executive officer, or the most highly compensated individual acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of that financial year.

The NEOs who are the subject of this Compensation Discussion and Analysis are Gerald Panneton (CEO and Chairman) and Mark T. Brown (CFO).

Compensation Program Objectives

The objectives of the Company’s executive compensation program are as follows:

- to attract, retain and motivate talented executives who create and sustain the Company’s continued success;
- to align the interests of the Company’s executives with the interests of the Company’s shareholders;
- to provide total compensation to executives that is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions; and
- to reward individual contributions in light of overall business results.

Overall, the executive compensation program aims to design executive compensation packages that meet executive compensation packages for executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics. The Company is a junior mineral exploration company involved in exploration and development of early-stage mineral properties and will not be generating significant revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability, is not considered by the Company to be appropriate in the evaluation of the performance of the NEOs.

Purpose of the Executive Compensation Program

The Company’s executive compensation program has been designed to reward executives for reinforcing the Company’s business objectives and values, for achieving the Company’s performance objectives and for their individual performances.

Elements of the Executive Compensation Program

The executive compensation program consists of three basic components: (1) base salary and consulting fees, (2) short-term incentive compensation in the form of performance-based bonuses, and (3) long-term incentive compensation in the form of stock options.

The value allocated to these different compensation elements is not based on a formula, but rather is intended to reflect the Board's discretionary assessment of an executive officer's past contribution and ability to contribute to future short and long-term business results.

Base Salary

The base salary or consulting fee of a NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

Short-term Incentives

In addition to a base salary or consulting fee, each NEO is eligible to receive a performance-based bonus meant to motivate executives to achieve personal business objectives, to be accountable for their relative contribution to the Company's performance, as well as to attract and retain executives.

Long-term Incentives

Stock options are generally awarded to NEOs on an annual basis based on performance measured against set objectives. The granting of options upon hire aligns NEOs' rewards with an increase in shareholder value over the long-term. The use of options encourages and rewards performance by aligning an increase in each NEO's compensation with increases in the Company's performance and in the value of the shareholders' investments.

Determination of the Compensation Program, Compensation Risk and Compensation Governance

Compensation of the NEOs is reviewed annually by the Company's Corporate Governance, Nomination and Compensation Committee (the "**Compensation Committee**"), which makes recommendations to the Board, which in turn approves the compensation of the NEOs. The Compensation Committee consists of three independent directors: Laurie Gaborit, Patsie Ducharme and Hellen Siwanowicz. Laurie Gaborit is the Chair of the Compensation Committee. The Company may, from time to time, engage independent compensation advisors or compensation consultants in respect of its compensation policies or practices to ensure that the Company's compensation to the NEOs is comparable in the industry.

The Compensation Committee intends to review from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. Implicit in the Compensation Committee's responsibilities and the Board's mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's executives, be designed in a manner which is in the best interests of the Company and its shareholders and risk implications is one of many considerations which are taken into account in such design.

It is anticipated that a significant portion of the Company's executive compensation will consist of options granted under the Option Plan. Such compensation is both "long-term" and "at risk"

and, accordingly, is directly linked to the achievement of long-term value creation. As the benefits of such compensation, if any, are not realized by the executive until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is limited.

The other two elements of compensation, base salary or consulting fee and performance bonuses, represent the remaining portion of an executive's total compensation. These components of compensation are not anticipated to form a significant part of total compensation and as a result it is unlikely that an executive would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to them from the standpoint of their short-term compensation when their long-term compensation might be put at risk from their actions.

Compensation Risk

Due to the small size of the Company, and the current level of the Company's activity, the Compensation Committee and the Board are able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which financial and other information of the Company are reviewed, and which includes executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

NEOs and directors of the Company are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Base Salary or Consulting Fees

The Company has entered into management consulting agreement with a consulting company controlled by Mr. Brown. The agreement with Mr. Brown was automatically renewed. See "External Management Companies" for a description of the agreement with Mr. Brown. On October 1, 2019, the Company entered into an employment agreement with Mr. Panneton, providing for the terms under which he would perform the duties of Executive Chair of the Company for a term of three years. The Company entered into an amended and restated employment agreement with Mr. Panneton to reflect his additional role as Chief Executive Officer effective January 1, 2022.

The Company intends to review the terms of the consulting and employment agreements on an annual basis. The consulting fees or base salaries, as the case may be, for NEOs are set having regard to the individual's job responsibilities, contribution, experience and proven or expected performance, as well as to market conditions. In setting base compensation levels, consideration is to be given to such factors as level of responsibility, experience and expertise. Subjective factors such as leadership, commitment and attitude are also to be considered.

Performance-Based Bonuses

Each NEO is eligible to receive a performance-based bonus meant to motivate the NEO to achieve short-term goals. Performance-based bonuses are paid at the discretion of the Board based on corporate and individual performance. The Board also considers accomplishments by

management which enhance the Company and shareholder value. Bonuses are made by way of cash payments, which payments are made at the end of the fiscal year. The Board in its sole and absolute discretion may decide not to pay performance bonuses where the Board believes that it is not prudent to pay bonuses as a result of adverse economic conditions or financial conditions of the Company.

For the financial year ended December 31, 2025, there was no performance-based bonus paid to the NEOs.

Stock Options

The Company has established the Option Plan under which options are granted to directors, officers, employees and consultants as an incentive to serve the Company in attaining its goal of improved shareholder value. The Board determines which NEOs (and other persons) are entitled to participate in the Option Plan; determines the number of options granted to such individuals; and determines the date on which each option is granted and the corresponding expiry date and exercise price.

Description of the Option Plan

Subject to the limitations of the Option Plan, the Board has the authority:

- a) to grant options to purchase shares to Eligible Persons,
- b) to determine the terms, limitations, restrictions and conditions respecting such grants, including, the number of shares for which any option may be granted to an Eligible Person and the exercise price at which shares may be purchased under any option to be granted to an Eligible Person,
- c) to interpret the Option Plan and to adopt, amend and rescind such administrative guidelines and other rules and regulations relating to the Option Plan as it deems advisable, and
- d) to make all other determinations and to take all other actions in connection with the implementation and administration of the Option Plan as deemed necessary or advisable. The Board's guidelines, rules, regulations, interpretations and determinations are conclusive and binding upon the Company and all other persons.

The Board makes these determinations subject to the provisions of the Option Plan and, where applicable, the policies of the TSXV. A detailed discussion of the material terms of the Option Plan is set out under "*Particulars of Matters to be Acted Upon – Re-approval of the Stock Option Plan*" above.

Link to Overall Compensation Objectives

Each element of the executive compensation program has been designed to meet one or more objectives of the overall program. The granting of options has been designed to provide total compensation which the Board believes is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

This element of compensation allows the Company to incentivize and retain its NEOs for their sustained contributions to the Company. These awards reward performance and continued

employment by a NEO, with associated benefits to the Company of attracting, motivating and retaining employees. The Company believes that long-term incentives such as options provide NEOs with a strong link to long-term corporate performance and the creation of shareholder value. The Option Plan aligns the interests of the NEOs with those of shareholders by linking a significant portion of the executive's total pay opportunity to share price, therefore providing long-term accountability. This incentive arrangement is typically designed to motivate executives to achieve longer-term sustainable business results, align their interests with those of the shareholders and to attract and retain executives.

The Company awards options to its executive officers based upon the recommendation of the Compensation Committee, which recommendation is based upon the Compensation Committee's review of a proposal from the CEO. Previous grants of options are taken into account when considering new grants.

No pension, retirement or deferred compensation plans, including defined contribution plans, have been instituted by the Company and none are proposed at this time.

Termination and Change of Control Benefits

During the financial year ended December 31, 2025, the Company had an executive employment agreement with Mr. Panneton. The employment agreement may be terminated by Mr. Panneton within six months of a Change of Control Event by providing the Company with 14 days notice in writing. A "Change of Control Event" means the occurrence of any one of the events set out below:

- a) an acquisition, directly or indirectly, of voting shares of the Company (including securities of the Company which on conversion will become voting shares) by any person or group of persons acting in concert such that such person or group of persons are able for the first time to affect materially the control of management and policies of the Company;
- b) a merger, amalgamation, or consolidation of the Company with or into another entity, or any other corporate reorganization, if more than 50% of the combined voting power of the continuing or surviving entity's securities outstanding immediately after are owned by persons who were not stockholders of the Company immediately prior to such merger, amalgamation, consolidation or reorganization;
- c) the exercise of the voting power of all or any shares of the Company so as to cause or result in the election of a majority of directors of the Company who were not incumbent directors;
- d) a tender offer, an exchange offer, a take-over bid or any other offer or bid by an entity, person or group of for more than 50% of the issued and outstanding shares; or
- e) the sale, transfer or disposition by the Company of all or substantially all of the assets of the Company in a transaction that, in the opinion of legal counsel for the Company, constitutes a disposal of the undertaking of the Company and requires the approval, by special resolution, of the shareholders of the Company.

An event will not constitute a Change of Control Event if its sole purpose is to change the jurisdiction of the Company or to create a holding company, partnership or trust that will be owned in substantially the same proportions by the persons who held the Company's securities immediately before such event. Additionally, a Change of Control Event will not be deemed to have occurred if the executive is part of a purchasing group that consummates the Change of Control Event.

If Mr. Panneton terminates the agreement within six months of a Change of Control Event by providing the requisite notice in writing, or the Company terminates the agreement without cause within six months of a Change of Control Event, the Company shall pay to the NEO the pro-rata base salary earned by Mr. Panneton up to the date of termination, plus 24 months of base salary. Assuming Mr. Panneton had terminated his employment agreement as a result of a Change of Control Event on the last day of the Company's most recently completed financial year, Mr. Panneton would have received an estimated \$720,000.

Director Compensation

Compensation of directors of the Company is reviewed annually and determined by the Compensation Committee. The level of compensation for directors is determined after consideration of various relevant factors, including the expected nature and quantity of duties and responsibilities, past performance, comparison with compensation paid by other issuers of comparable size and nature, and the availability of financial resources.

Non-executive directors receive directors' fees as follows: (a) \$6,000 annual retainer and (b) \$1,000 per Board meeting attended. In addition, the Chair of the Audit Committee receives an additional \$5,000 per year and the Chair of the Compensation Committee receives an additional \$2,000 per year.

While the Board considers option grants to directors under the Option Plan from time to time, the Board does not employ a prescribed methodology when determining the grant or allocation of options. Other than the Option Plan, as discussed above, the Company does not offer any long-term incentive plans, share compensation plans or any other such benefit programs for directors.

Board of Directors

As of the financial year ended December 31, 2025, the Board had five directors, four of whom were independent. The definition of independence used by the Company is that used by the Canadian Securities Administrators, which is set out in section 1.4 of National Instrument 52-110 – *Audit Committees* (“NI 52-110”). A director is independent if he or she has no direct or indirect material relationship to the Company. A “material relationship” is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of the director’s independent judgment. Certain types of relationships are by their very nature considered to be material relationships and are specified in section 1.4 of NI 52-110.

Laurie Gaborit, Patsie Ducharme, Hellen Siwanowicz and Paul Bonneville were considered to be independent directors. Gerald Panneton was not considered to be independent as he is an officer of the Company.

The Board believes that the principal objective of the Company is to generate economic returns with the goal of maximizing shareholder value, and that this is to be accomplished by the Board through its stewardship of the Company. In fulfilling its stewardship function, the Board’s responsibilities will include strategic planning, appointing and overseeing management, succession planning, risk identification and management, environmental oversight, communications with other parties and overseeing financial and corporate issues. Directors are involved in the supervision of management.

Pursuant to the *Business Corporations Act* (British Columbia), directors must declare any interest in a material contract or transaction or a proposed material contract or transaction. Further, the independent members of the Board meet independently of management members when warranted.
